words will always fall, me
when i try to write about you,
i can never really capture
any essence of the man i'm seeing
allure that you always seem to
have like a cloak of stars
draping around you.

ALLUDE

winds will always fail me
when i try to write about you.
i can never really capture
any essence of the mesmerising
allure that you always seem to
have like a flock of stars
draping around you.
