be diva of the day

Looking good and dressing well is a necessity. Dressing is a way of life. Dressing is a matter of style. Fashion is the style and custom according to the given time. To make it's an art form, it starts like a part of the culture and tradition. It can be used to serve an individual or one's own personality or to showcase one's own true self.

The Fashion Essence

I am especially grateful that I have been able to keep my own style over the decades, in spite of the many changes that have taken place in the world of fashion and in its business. Style is when they're running you out of town and you make it look like you're leading the parade.
