The Fashion Essence

I am especially grateful that I have been able to keep my own style over the decades, in spite of the many changes that have taken place in the world of fashion and in its business.

LIFESTYLE

Fashion plays an increasingly important role in an individual's life because it is considered as a means of self-expression. The garments and accessories women wear, help them to identify with a group of others-whether it is a lifestyle, profession, a religion, or an attitude. Thus, the term fashion has become synonymous with the overall growth of the country as well.
