*I love fashion, and I love changing my style, my hair, my makeup, and everything I've done in the past has made me what I am now.*

*Not everyone is going to like what I do, but I look back at everything, and it makes me smile.*

*That is the key of this collection, being yourself. Don't be into trends. Don't make fashion own you, but you decide what you are, what you want to express by the way you dress and the way to live.*

*The best fashion  
advice I'd say would  
be just to do what  
makes you comfort-  
able and what  
makes you feel cute,  
and that's how  
you're gonna look  
your best 'cause  
when you feel your  
best, everybody else  
can feel it, too.*

I have always loved fashion because it's a great way to express your mood. And I'm definitely a shoe lover. The right pair of shoes can change the feel of an outfit, and even change how a woman feels about herself. A woman can wear confidence on her feet with a high stiletto, or slip into weekend comfort with a soft ballet flat.

Elegance is usually confused with superficiality, fashion, lack of depth. This is a serious mistake: human beings need to have elegance in their actions and in their posture because this word is synonymous with good taste, amiability, equilibrium and harmony.

*Fashion is not something that exists in dresses only. Fashion is in the sky, in the street, fashion has to do with ideas, the way we live, what is happening.*

Be sure what you  
want and be sure  
about yourself.  
Fashion is not just  
beauty, it's about  
good attitude. You  
have to believe in  
yourself and be  
strong.

## *yourself through fashion*

*If you look back in history of the women who are most memorable and most stylish, they were never the followers of fashion. They were the ones who were unique in their style, breakers of the rules. They were authentic, genuine, original. They were not following the trends*
