WOMAN ON THE FOCUS

It is a history of people. During the past centuries, it was the customs and designs that laid the foundations of the Indian fashion industry we know today. The liberation of women from societal confinements, the creation of ready-to-wear clothing, logos, licensing, vertical chains, lifestyle brands, fashion shows, modeling and even penetration of intellectual property rights, are each a direct result of the ingenuity, tenacity and creative genius of individuals who rose to their ultimate status and created revolutions.
