EDGE

is a history of people. During the past centuries, it was the couturiers and designers that laid the foundations of the modern fashion industry we know today. The liberation of women from corseted confinement, the creation of ready-to-wear clothing, logos, licensing, runway displays, retail's brands, fashion shows, marketing and even protection of intellectual property rights, are such a direct result of the ingenuity, tenacity and creative genius of individuals who were in their lifetime artists and social visionaries.
