In the 21st century the right trends of the fashion industry dominate the world more than they ever did and created not only the very people but also trends in the new changes, including fashion and people's views attitudes. In the 21st century people did not only wear their and wearing a standard of people's outlook of a generation, and this is more more professional today. Knowledge, fashion is held and starting, and this is a new generation that is not afraid to say what they think, or even what they want. Fashion is not just a means of showing your body, it is the essence of your personality and belief, and designers are well aware of the power they hold. Ecological fashion and design is the necessary and are more highly respected than ever by their residents in the world.

## Coral charm

*In the 21st century the style trends of the fashion industry do not only concern the way we dress but also trends in how we design, make, fabric and people's overall attitude. In the 21st century people do not only wear their own clothes, it is about the whole attitude of a generation, and this is even more prominent today. Nowadays, fashion is not just about design, and this reflects a generation's attitude that is not afraid to say what they think, or wear what they want. Fashion is not just a means of holding your body, it is the essence of your personality and beliefs, and designers are well aware of the power they hold. Designers, practitioners and designers for the wearing wear a new more body integrated than ever before in the world.*
