**EDGE**

is a history of people. During the past centuries, it was the couturiers and designers that laid the foundations of the modern fashion industry we know today. The liberation of women from societal confinement, the creation of ready-to-wear clothing, logos, licensing, window displays, Martini's beach, fashion shows, marketing and pure protection of intellectual property rights, are each a direct result of the ingenuity, tenacity and creative genius of individuals who were in their lifetime stylist and societal visionaries.
