# DELIGHTFULL *the* GRACE

THE ART OF GRACE IS TO BE IN THE MOMENT.

It is a state of mind, a way of life, a philosophy. It is a grace that is not just a word, but a feeling, a touch, a smile, a look, a gesture, a way of being. It is a grace that is not just a word, but a feeling, a touch, a smile, a look, a gesture, a way of being. It is a grace that is not just a word, but a feeling, a touch, a smile, a look, a gesture, a way of being.
