

FEATHERED FAIRY

I am reminded of a piece of advice my father gave me regarding shoes... He said it is better to buy one good pair of shoes than four cheap ones, one pair made of fine leather could outlast four inferior pairs and, if well-cared-for, would continue to protect your good equipment and taste no matter how old they become.

*Fashion is the abstrive issue of vain attention
and exclusive egotism...not to no robe, and
bound to conform to every whim of the minuta
wearing the finest attire is good only as they
source the want of other means of obtaining
deference.*

Conformity is the only real fashion crime. Do not dress like yourself and to sublimate your spirit to some kind of group identity is acceding to fashion fascism.

*fashion is not something that exists in dress
or only, fashion is in the sky, in this street,
fashion has to do with ideas the way we live,
what is happening.*
