THE SPILLOVER EFFECT

The world is full of people who are looking for the secret to a happy life. They are all about you. Sitting together they wonder about your happiness and the things which you do. But it is not about the things which you do. It is about the things which you are. What could be the secret to a happy life which the remaining world is looking for? It is not about the things which you do. It is about the things which you are. What could be the secret to a happy life which the remaining world is looking for? It is not about the things which you do. It is about the things which you are. What could be the secret to a happy life which the remaining world is looking for?

WORLD OF FASHION

In the desert land, the sun rules supreme and bears down upon with relentless fury. Not only does it evaporate life, but these disconcerting conditions also suck the desert dry of her. Until her ingress that is. As she arrives, she breathes love back into the land. Her smile is the embodiment of the love once lost.
