The development of these and other accessories is a result of the evolution of the Indian fashion industry. Clothing made of natural silk is considered a great luxury and is highly valued by many people. These items are made from the finest materials.

*The development of the saree is an ancient form of dress worn by women in India. It is a long piece of fabric, usually made of cotton, silk or wool, which is draped over the body and fastened at the waist. The saree is a traditional form of Indian dress and is worn by women of all ages and social classes.*
