Great Beauty

Great Beauty
Great Beauty is not just a word, it is a feeling, a state of mind, a way of life. It is the art of living, the art of loving, the art of being. It is the art of making the most of what you have, the art of finding beauty in the ordinary, the art of seeing the world through a different lens. It is the art of being who you are, the art of being happy, the art of being content. It is the art of being beautiful, the art of being graceful, the art of being elegant. It is the art of being a woman, the art of being a queen.

Art Personified

Art Personified
Art is the language of the soul, the language of the heart. It is the language of the mind, the language of the spirit. It is the language of the world, the language of the universe. It is the language of the past, the language of the future. It is the language of the present, the language of the eternal. It is the language of the beautiful, the language of the sublime. It is the language of the great, the language of the magnificent. It is the language of the divine, the language of the sacred. It is the language of the eternal, the language of the infinite.
