songs  
of divinity

1005

In the sea of the mundane you stand alone a sovereign of life in an otherwise weary and busy world. A vision of you, and in our minds too, awakens the dream of an island surrounded by the vast and jealous oceans, ever trying to cling at your beauty, but failing everytime. You stand unmissed, untouched and unloved.

In the sea of the mundane  
you stand alone a stranger  
of life in an otherwise  
ordinary world. A vision of  
you, and in our marvelous  
existence tells the story of  
an island surrounded by  
the vast and jealous  
oceans, ever trying to cling  
at your beauty, but failing  
everytime. You stand  
unmolested, untouched and  
untouchable.
