songs
of divinity

1005

In the sea of the mundane you stand alone a sovereign of life in an otherwise weary and busy world. A vision of you, and in our minds too, awakens the story of an island surrounded by the vast and jealous oceans, ever trying to cling to your beauty, but failing everytime. You stand unmissed, untouched and unloved.

1002

In the sea of the mundane you stand alone a stranger of life in an otherwise ordinary world. A vision of you, and in our marvelous imaginations take the story of an island surrounded by the vast and jealous oceans, ever trying to chide at your beauty, but failing everytime. You stand unmissed, untouched and unloved.
