Fashion is part of the fabric  
of our life. It gives it the  
face, with it the events. You  
can witness the spreading  
of a revolution in clothes. You  
can see and feel everything in  
clothes.

THE TEST OF  
DIFFERENT WAY

Be the one who  
sets the trend  
and you do it  
your way, when you want  
to express by the way  
you dress and the way  
you live.

## PEACE OF ART

There's the idea to create. There's  
making something out of you, but  
we decide what you are,  
what you want to express by  
the way you dress and the  
way to live."

MORDEL  
FASHION STYLE

It's not the idea that counts,  
it's the fact that you have  
just decided what you are,  
what you want to express,  
by the way you dress and  
the way to live it.

**THE ART  
OF FASHION**

"Fashion is part of the daily  
life and it changes all the  
time, with all the trends. You  
can even see the approaching  
of a new fashion in the way the  
man has and feel everything is  
different."

**FASHION  
CULTURE**

"Fashion is part of a culture  
and it is not just the  
clothes, but the way of  
life, the way of thinking,  
of a civilization is what  
makes it a fashion."

"Don't be too afraid, don't make that face, you, but you should wear  
you are, what you want to express by the way you dress and the way you

live."

MORDEL  
FASHION STYLE

Don't follow trends, be it  
style. Fashion only follows  
you, so it's who you are,  
what you want to express  
by the way you dress and  
the way to live.

"Discover the parts of the fabric of your life that are not visible to the world. You can only see the part of the fabric that is visible. You can't see the rest of the fabric."
