

A woman is standing on a balcony, leaning her right arm against a wooden pillar. She is wearing a sleeveless, heavily embroidered top with a peplum waist and a light-colored, flowing skirt. Her jewelry includes a large, ornate necklace, a matching choker, and a decorative headpiece. The background shows a traditional building with arched doorways and a wooden railing. The lighting is warm, suggesting late afternoon or early morning.

*Dazzling patterns*

Some of the most popular items in our collection are made of sequins and beads. This is because they are so easy to wear and they are so easy to style. They are also very easy to wear with their own style.
