In the 21st century the style trends of the fashion industry combine the world more than they ever did, and control not only the way people dress, but also how they think, how they design, fashion, business and people's overall activities. In the 40s, 50s and 60s, it did not only mean fibres and fabrics, it covered up the whole attitude of a generation, and this is even more prominent today.

In the 21st century the style trends of the fashion industry dominate the world more than they ever did, and control not only the way people dress but also trends in home ware design, makeup, hair and people's overall attitudes. In the 19th century people did not only wear frocks and bonnets, it carried up the sense of style of a generation, and this is even more prominent today.

In the 21st century the stylistic trends of the fashion industry dominate the world more than they ever did, and control not only the way people dress but also trends in home ware design, makeup fashion and people's overall attitudes. In the 80s flower power did not only mean flares and beads, it summed up the whole attitude of a generation, and this is even more prominent today.
