*Open to Possibilities*

How high you go depends on how high you want to go. The only limit is the one you set for yourself. So, go for it. You can do it. You can be it. You can have it. You can be the best. You can be the first. You can be the only. You can be the one. You can be the one who makes a difference. You can be the one who changes the world. You can be the one who makes a difference. You can be the one who changes the world. You can be the one who makes a difference. You can be the one who changes the world.
