"The most important thing to remember is that you can wear all the special shoes and all the special shoes, but you've got to have a good spell on the inside. That's what's really going to make you feel like you're ready to rock the world."

NARI

*"Fashion you can buy, but style you possess. The key to style is knowing

about self-expression and, above all, attitude."*

"A woman's dress should be like a lotus-who faces, seeing its purpose without obstructing the view."
