BEAUTY
hottlist

*"A little bad taste is like a nice splash of vanilla. We all need a splash of bad

"I think there is beauty in everything. What normal people perceive as ugly, I can usually see something of beauty in it."

*"Fashion you can't buy. It's what you wear.

way to style. It's about self-expression, and
above all, attitude."*

THE SHOW
—MUST GO ON—

*"Life is the only thing you can't buy. It's not in a shopping bag, a hotel, or a price tag. It's something

*"What you wear is who you present yourself to the world,
especially today, when fashion reflects who we really are."* - Richard Sappington

*"What's my sign to tell you sign: and I don't see how you can tell me it. It's something that happens
only you are in your own way."*
