"Elegance is not about being noticed, it's about being remembered. Your clothes should leave a lasting impression."

Heer

Heer is a form of active listening and communication. It is the way you think, speak, and act about how you perceive yourself and how you perceive others to perceive you. It is a silent yet powerful form of communication expressing your personality, values, and confidence. When you dress with care, you're not just wearing skills, you're displaying an image that tells the world who you are. Dressing well shows that you respect yourself and those around you. It's an act of knowledge that tells you, please yourself and others, whether in the same or different ways.
