

Saroj
Kritigya Silk
VOL-1

Saroj

Excellence
Design

1. The saree is made of a high-quality fabric, possibly silk or a similar material, which gives it a rich texture and a slight sheen. The color is a vibrant green, which is a classic choice for Indian attire. The gold border and motifs add a touch of elegance and luxury.

2. The design of the saree is intricate, featuring a repeating pattern of circular motifs. These motifs are filled with a gold thread, creating a striking contrast against the green background. The pattern is well-balanced and aesthetically pleasing.

3. The woman is wearing a matching green blouse with a gold border. Her jewelry, including a necklace, earrings, and a ring, is also gold, which complements the saree perfectly. The overall look is cohesive and sophisticated.
