LET  
YOUR LIGHT  
SHINE  
*Saroj*

It's a personal desire to be adorned with the  
finest of all things and our inherent ability to  
do so is what is responsible for the beauty and  
glamour in all things. Whether it be in art.

The method of workmanship behind the design  
process is a matter of pride and is a matter  
of pride which is a sign of individuality and  
self-respect.
